

For the better future

From the political approach

Introduction

The reason why we focus this topic

-politic is one of the easiest ways to get known each other

Common goal

making the relationship between Japan and Russia better

Problems : Japan

● Not interested in politics

Because...

- Youth cannot realize one own vote does not affect politics.
- The manifestoes are not interesting for youth.

Etc..

Solution : Japan

For the relationship between Russia and Japan

- Establishing free papers which include political topics of the youth, by the youth and for the youth and government.
 - We can refer to the participation method of *Hear by Right*, in UK
- Changing political education style to get feel closer.
 - More knowledge, more attention to the relation of us.
- Creating ways to access politics (Ex. Web site)
 - Website in multi languages
- Having student conference (Ex. Seliger in Russia)
 - Sharing both the ideas and the participants between us.

Other Solution : Japan

- Hold unofficial pre-voting by youth.
 - To influence not only youth themselves but also the government.
 - The Internet is one of the effective tools for the voting and publishing the result.
- Make active and neutral publicity in the fresh media such as the Internet and TV.
 - Youth are likely to prefer these media to more formal newspapers.
 - We can learn the method from YouTube.
- Have a hot controversy with various opinions about politics in the Internet.
 - The Internet isn't confined by thought, age, wealth, gender, etc.

Russian youth in politics

- During the past years the number of youth political organizations has increased.
- Attracting the youth as a new power of the most innovatively conceiving category of population is really important.
- "I support participation of youth in politics. Tomorrow there can be the whole country and the completeness of decision-making in hands of the young men" by Mr.Putin

Problems : Russia

- Interested in Japanese culture so much but not in political problems between Russia and Japan.

Solution : Russia

- Cultural diplomacy (Ex. political comic)
- Exchange programs.
- Giving chance to experience each culture.
- To make forum and conference where youth can share their knowledge and experience about each culture.

Conclusion

Our future is in our hands
